Professional Summary

- Proven expertise in development with proficiency in HTML, CSS, JavaScript, and React.js, crafting responsive and user-friendly interfaces.
- Experience leading a team of 10 to successfully organize large-scale cultural and coding events, demonstrating strong leadership and project management skills.
- Developed and launched multiple web applications, including a web-based code editor and a fitness web app, showcasing my ability to translate user needs into functional products.
- Proficient in using design tools such as Figma, Canva, Illustrator, and Photoshop, enabling me to create visually appealing and engaging web designs.
- Skilled in database management and back-end technologies like Node.js, MongoDB, and MySQL, providing a comprehensive understanding of full-stack development.
- Effective communicator and team player, evidenced by successful coordination of coding competitions and workshops that received positive feedback from participants.

Education

2019 - 2023

B.Tech in Computer Science Engineering
University of Engineering and Management, Jaipur

2016 - 2018

Senior Secondary
Diksha International School, Bhagalpur

2019 - 2023

Secondary
Kendriya Vidyalaya, Godda

Projects

Fitness Web App | [Live Site](#)

- Curated exercise content
- Integrated multimedia elements
- Designed responsive layout

Text to Image Generator Web App | [Live Site](#)

- Integrated Hugging Face API
- Developed image generation logic
- Implemented download functionality

Web Code Editor | [Live Site](#)

- Implemented code editing functionality
- Designed user interface
- Ensured cross-browser compatibility

Role of Responsibility

Mar 2022 - Mar 2023

Vice President
Cultural Club, UEMJ

Mar 2022 - Mar 2023

Coordinator
Coding Club, UEMJ

Technical Skills

Programming Languages

HTML CSS C++ Python JavaScript
Java

Frameworks

Bootstrap Express

Libraries

jQuery React JS

Database

MongoDB MySQL

Tools

VS Code Replit Node JS Github

Designing Tools

Figma Canva Illustrator Photoshop

Soft Skills

Leadership Teamwork Problem-Solving
Communication

Languages

English Hindi

Hobbies

Playing guitar, which enhances my creativity and focus.

Exercising regularly at the gym, demonstrating my dedication to discipline and health.

Competitive chess, which sharpens my strategic thinking and problem-solving skills.

Drawing and designing, reflecting my eye for aesthetics and attention to detail.

Certifications

- The Joy of Computing Using Python (Swayam/ IIT-Madras - 2022)
- Java Programming: Arrays, Lists, and Structured Data (Coursera/ Duke University - 2021)
- Python-Django and ReactJs with API Development (Entrepreneurship Cell, IIT: Kharagpur/ TecSim+ - 2020)
- Advance Diploma in Computer Application (ICS, Godda - 2019)
